

## **What would softball look like if no longer CO-MINGLING**

Sun City West and Sun City softball players would no longer be playing together.

If we stay co-mingled we will be playing two games per week on three different days at two different fields.

Tuesday, Thursday and Friday

If we are not co-mingled we will play two games per week over four different days at one field.

American League - Monday and Thursday

National League - Tuesday and Friday

Summer Sessions if co-mingled or not co-mingled all games on Tuesday and Thursday.

Summer Sessions if not co-mingled. Sessions two and three, both clubs would have to combine their leagues. Play would be on Tuesdays and Thursdays.

Special Events - if not co-mingled. No longer would teams be made up of Sun City West and Sun City players.

Friday Co-ed League would no longer be able to co-mingle or play on Friday due to American League and National League games.

Friday Co-ed League can continue to play but only with Sun City West players and would need to request playing time for another day from Sun City West Softball Board.

Considerations would need to be given to player evaluations (Green Team), League Banquet, committee structures, database, website, bylaws, Angels in the Outfield, etc.
